

F-35 Portable Interactive Whiteboard

F-35

Description

F-35 is the third generation of portable interactive whiteboard which is the best choice in interactive classroom. It works on almost any surface-whiteboard, wall, even a chalkboard with dry-erase paint. It's smaller, extremely easy to install and carry, high precision and widely used in school and office. What's more, it breaks up the traditional installation method and can be fixed onto the projector with gum in the bottom of the base. Compared to the traditional whiteboard, F35 is light and small, so it is shipping cost saving. This product performance is very stable and has very low failure rate. With automatic calibration function, it will be easier to use.

Outstanding Features

1. Works on almost any surface and transforms them into an interactive whiteboard
2. Small volume, extremely easy to carry and install
3. The active area can be adjusted to adapt to any projector(from long focus to ultra-short focus)
4. High precision and usability
5. Multi-users writing (Max 64 persons can write simultaneously)
