

FLOURISH

RESEARCH

We are Flourish Research!

We thought of no better way to re-introduce ourselves to the community at large than through [Senior Talk with Clara Hubbard](#)

[Senior Talk with Clara Hubbard](#) is an online news platform where viewers gain valuable information and dialogue with business and community leaders that serve seniors, veterans, their families and caregiver professionals.

Steve Satek, Executive VP, Flourish Research sat down with Clara Hubbard to talk about our transition from Great Lakes Clinical Trials to Flourish Research, the importance of diversity in clinical research and the continued collaboration between us and our communities in getting new therapies approved.

Flourish Research is currently enrolling in various studies. Please visit our website
