

# Growth • Expansion • Progress

ANNUAL REPORT  
2018 - 2019

## *Growth.....Expansion.....Progress*

There are times where change is the only answer to meet the needs of the communities you serve. Growth. Expansion. Progress. All are words that express the direction of Comprehend, Inc. over the past several years, but more specifically this past year. As we have watched the Harriett Hord Cartmell Medical Building become a reality, we have continued to discuss and develop programs to enhance our service array. As an integral partner in the communities we serve, Comprehend, at 52 years, is the region's longest sustained behavioral health provider serving the Buffalo Trace Region.

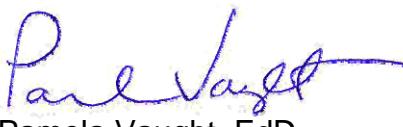

Comprehend, Inc.'s 2018-2019 year consisted of many positive contributions to the communities we serve including:

- Acquired the school nurse program for Mason County schools
- KSTEP expanded into Fleming and Lewis Counties to provide intensive substance abuse services to children and their families
- Began plans for acquiring Magee's - a local landmark bakery which will add to job employment options for our clients
- Moved several trainings in-house that historically we contracted for out of house
- Expanded our Community Support Associate program
- Continue to maintain and sustain Life Connections programs to provide services to those individuals with chronic mental illness
- Became an Ohio Medicaid Provider and began the process of inclusion in the Ohio Medicaid managed care networks
- Developed and designed Buffalo Trace Medical Arts, a primary care clinic (to open in September 2019) to allow for the expansion into integrated care
- Youth SHIFT - 10-hr/5-wk diversion program for youth with CDW involvement.

As the Regional Community Mental Health Center and the only comprehensive behavioral health provider in the Buffalo Trace region, Comprehend is committed to continual growth in both services and quality of care. At Comprehend, Inc. , we believe service to those in need of behavioral health care is what we do best and we are committed to recognizing Behavioral Health Matters!

Looking to the future, Comprehend is poised to continue leading the initiative for improved, sustainable, and innovative integrated healthcare for our communities. We recognize that needs change and we will continue to be on the forefront leading those changes.
