

Memorial Page, what is it and how much does it cost?

While working with customers on their books, Digging Up Bones designed a page to memorialize individuals. This Memorial Page shows information about their death including where they are buried and obituary (if information is available). We designed the page to honor these individuals and provide the customer with a print that can be framed or given to other family members. We make special Memorial Pages for Military individuals to showcase their service and medals.

We make special Memorial Pages for Military individuals to showcase their service and medals.

We went a step further and added Memorial Pages on our website. This will enable anyone to go to our site and see the selected individuals Memorial Page. Again, providing the tool that allows anyone from wherever to see the memorial.

The cost for having us design and place the memorial on our site is \$25.00 and it will remain Permanently.

Click on the name plate to go to the individual Memorial Page
