

**PORTFOLIO™**  
RESIDENT SERVICES

SOS Supplying Our Seniors is a wonderful organization comprised of some amazing individuals who came together at the start of this pandemic to provide services to one of our most vulnerable population our seniors. This organization exemplifies the meaning of coming together as a community and making a difference. I am a Community Coordinator at a senior property here in Dallas and run the Good Neighbor Program. I came in contact with SOS when they offered to provide personal shoppers for some seniors on the property, providing them with food items as well essentials that were needed. The seniors were extremely grateful as some of them had no way to get these items otherwise.

Since being introduced to the organization they have provided over 100 produce boxes for the seniors on this property as well as delivered full Thanksgiving fixing including 15 lb. turkeys for those in need. In this day and age when the world seems to be so full of negativity this organization shows that it is not, all the work they do is from donations and volunteerism and shows that many people do care and have giving hearts, and are willing to devote their time, energy and money to care for those less fortunate.

I commend this organization for being doers and taking a concept and putting it into action to care for our seniors in need.

We here at the Good Neighbor Program give you many thanks!!

Sincerely,

Angeline Jones

Community Coordinator
