HD Shop Floor Service Table

Applications

The HD Shop Floor Service Table is the ideal tool for servicing railcars. With a 3,000 lb. capacity, 11" clearance, and 36" vertical travel this lifting table can be used for many tasks such as servicing couplers, draft gears, air reservoirs and center cushions. It also features a larger 24" x 48" support surface and 10" wheels. To make lifting operations safer for all personnel present, an extendable pendant control allows for the device to be operated at a safe distance. 120V Electrically powered.

MAKING WORK SAFE!
