

Letter To The Editor

Letter writing is an essential skill. Despite the prevalence of emails and text messages, everyone has to write letters at some point. Letters of complaint, job applications, thank you letters, letters requesting changes or – making suggestions – the list goes on and on. Encouraging children to write letters from an early age will improve their communication, social and handwriting skills, and teach them what they need to know about writing and structuring letters.

Dear Sir

Subject: Nuisance caused by loudspeakers in the city during examination days
Through the columns of your esteemed newspaper I would like to draw the attention of the authorities concerned to the nuisance caused by the indiscriminate use of loudspeakers at religious places, wedding processions, market places and jagrans during the examination days. Students are unable to concentrate on the heavy backlog of revision work during these days. The result is that they fare badly in the examinations and this leads to frustration and unhappiness among students. Their parents also suffer due to it. It is high time the authorities concerned take a serious note of this nuisance and initiate remedial measures to check the problem. Use of loudspeakers should be totally banned irrespective of the place where these are used. It is not only a cause of nuisance but also adds to the noise pollution.

Yours faithfully
Prabhu Kumar

Question 2.

There is a busy road in front of your school. A large number of students have to cross the road while going back home. They run a great risk. Write a letter to the Editor, Navjiwan Times, Agra drawing attention of the concerned authorities to the problem. Make a request to mark a zebra crossing and to put traffic lights in front of your school. You are Amit/Anita, Class X, New Age Public School, Ram Nagar, Agra.

Dear Sir

Subject: Zebra crossing and Traffic lights on D N Mehta road

Through the columns of your esteemed daily, I would like to bring to your notice two important facts about D N Mehta Road in our city: (i) It does not have any zebra crossing marks in the portion in front of our school. (ii) It does not have any traffic lights in the portion in front of our school. A large number of students, teachers and public cross this busy road and it is a great risk doing so, due to the absence of the zebra crossing and traffic lights.

I am sure that we will agree that measures should not be taken after the crisis. We are not waiting for accidents to happen.

You are therefore requested to give an appropriate space to my letter in your esteemed newspaper to draw the attention of the concerned authorities.

Subject: Attacks on Old People Living Alone

Through the columns of your esteemed daily, I wish to draw the attention of the authorities concerned to the danger old people living alone are facing. Most of the senior citizens are people who are living alone with just a domestic help. Their children are adults and have moved out. The domestic helps hired by these aged people often take advantage of their helplessness. They are burgled, poisoned or beaten to death. It is indeed a sad plight for our senior citizens.

It is my humble request to the authorities concerned to issue a certificate of verification of the domestic help and ask their neighbours to set up a neighbourhood watch where everyone can look out for the safety of each other especially the older people. I hope my concern will reach the ears of the concerned authorities through your newspaper.

Sir

Subject: Sale of alcohol to underage people

I would like to draw the kind attention of all the authorities concerned towards the above-mentioned problem through the columns of your esteemed daily. It has been my observation for quite some time now that many young people who are consuming alcohol are still in teens and some are around twenty. The government vending shops located in almost every residential colony market, do not even ask for identification or age proof.

If ever they do so, they are easily bribed by a few hundred rupees. This sale of liquor to under-aged people leads to many of the problems our country is facing today. Youths who drink together do not know when to stop or how much to consume and this often

leads to intoxication, uncontrollable behaviour, emotional problems, etc. I shall be grateful if this letter is given an appropriate space in your newspaper.

Subject: Illegal parking of buses and trucks causing a nuisance to the residents of localities

I would bring to light the woes caused by illegal parking of buses and trucks in residential colonies. These vehicles are a constant cause of trouble to the residents living in these localities. I have noticed buses and trucks parked illegally outside the gate of our residential building. In an emergency or even during normal working hours, one has to hunt down the drivers of these vehicles. Children hardly have any space to play outdoor games in their colonies because of the cramped space. I appeal to the authorities to take remedial action regarding this serious problem. Buses should be parked in a bus depot, and trucks should have their own space to park. Residential colonies and the parking space made available to them are meant only for the people who live there.

Subject: Misbehaviour of the autorickshaw drivers in the city

I would like to draw the attention of the authorities concerned towards the above mentioned problem through the columns of your esteemed newspaper. The growing misdemeanour among auto drivers is a common concern of every citizen of the state. Not only do they charge fare in excess of the metered rate, but also misbehave with the passengers. They promise to drop the passenger at the doorstep but stop midway and ask the passenger to get down claiming that the distance agreed upon was shorter than the distance being asked to cover and ask for more money for the same.

In order to make extra money they take extra passengers; mid-way who may be some antisocial element and put the life of passengers at risk. Moreover, they talk incessantly on the phone putting the life of the passenger in danger. You are requested to give an appropriate space to my letter in your newspaper.

Dear Sir

Subject: Unauthorized transport stand in front of D C Arya Public School

Through the columns of your esteemed newspaper, I wish to bring to the notice of the authorities the chaos created in front of the D C Arya Public School, with the coming up of an unauthorised : transport stand for feeder buses of the metro station. Traffic jams are created by stationary vehicles encroaching on the main road, slowing traffic flow and requiring police intervention to be regulated. Children face the hazard of accidents while exiting the school premises and the footpath in front of the school has been taken over by squatters, flower vendors and hawkers.

All this not only hinders the convenience of the students as well as the entire school but also creates a noise in the promises where silence is utterly required. Repeated appeals to the civic authorities have yielded no results. I therefore, request you to publish my

letter and help alert the general public to the hardships caused by the unauthorized stand.

Subject: Request to control waterlogging in the area

Through this letter, I bring to the kind notice of the authorities concerned the dilapidated condition of roads in our locality. It is really difficult to commute on these roads. The heavy rains have worsened the problem of waterlogging in our streets and roads, which make it difficult for both pedestrians and vehicles to move about in the locality. In fact, the school children find it extremely difficult to walk to their school without stepping on a puddle of water. Owing to stagnated water, there is a danger of epidemics like malaria and dengue. The authorities concerned are requested through the columns of your esteemed paper to take adequate steps to clear the waterlogging and provide succour to the residents of Shakarpur.

Subject: Request to make computer a compulsory subject in the secondary classes
The computer has revolutionized the world. It has changed the way we communicate, do our daily business and other activities. Nowadays computer education has become an essential component of the child's education syllabus. Having computers as a compulsory subject in secondary education would inevitably brighten a child's future as he/she would be prepared to match his/her expertise with the technical demand of the growing Indian economy.

You will appreciate the fact that today without basic knowledge of computers, a person is half educated. To be prepared for a normal life one needs to have the basic knowledge of a computer. Through the columns of your esteemed paper I wish to draw the attention of the authorities concerned to making computers a compulsory subject in the secondary classes.

I would like to draw the kind attention of the authorities concerned towards the above mentioned problem through the columns of your esteemed newspaper. On May 26, a wedding celebration created mayhem in our society. The wedding procession arrived late and hence the celebration went late into the night. The din created by the loudspeakers and the band party hired for the event disturbed the young and the old alike. The students preparing for their boards couldn't carry on their studies peacefully and the sleep of the elderly, the sickly and the infants was ruined. Subject: Growing incidence of bullying in schools

Through the columns of your esteemed newspaper, I bring to the notice of your readers the growing incidence of bullying in public schools. Senior students frequently snatch tiffins, make juniors pay for their treats at the canteen and deny them access to games equipment during the school break.

Juniors live under constant threat of being waylaid and teased or heckled by seniors. Such undesirable incidents are leading to psychological problems in schools. The lack of proper counselling has led youngsters to feel threatened at school. Despite appeals

by the school authorities to the parents concerned of the bullying children, the problem continues. Through your newspaper I therefore, appeal to the authorities concerned to enforce regulatory measures to curb this growing menace in schools.

Subject: Chain snatching by young boys

I would like to draw the attention of the authorities concerned towards the increasing incidences of chain snatching in our area. The area has become quite unsafe. A gang of miscreants is very active in the area. These young boys follow women wearing gold jewellery on their bikes.

Whenever they see the opportunity they snatch away the chains and speed off on their bikes. Though several police complaints have been lodged, yet the criminals haven't been caught. There is a need of a permanent PCR or police post. A beat constable can be posted in shift duties and the vigilance can be enhanced at the strategic points. It is important that the criminals are caught and punished. This will act as a deterrent to other criminals also.

You are requested to publish this letter and bring my complaint to the notice of the authorities concerned so that people may get some solace.

Subject: Unpleasant condition of parks

Through the columns of your esteemed newspaper, I would like to express my concern at the desolate status of the public park in our area. The park is unkempt and has no security posted at the gates. No wonder the park which should have been a place of scenic beauty, for young children to frolic about and for adults to take their walks on, is home to stray dogs, cats and other animals. It is also the haunt of the vagrants of the society who indulge in drinking and smoking in an area that is primarily meant for recreation. The civic authorities need to make an effort to restore the public park its beauty and its usefulness to the public.

You are requested to give my letter an appropriate space in your paper, so that my voice reaches the authorities concerned and some action is taken.
