## **MASSDOT ADVISORY**

North Shore Road (Route 1A) over the Saugus River (General Edwards Drawbridge).  
Bridge Maintenance and Median Barrier Replacement Underway

The Massachusetts Department of Transportation (MassDOT) is announcing that it has commenced the installation of a fixed work zone on North Shore Road (Route 1A) in Revere and Lynn, across the General Edwards Drawbridge.

This work zone will allow contractors to complete repairs to address structural deterioration at one location beneath the bridge median and to replace the existing, deteriorated concrete median barrier across the bridge with a temporary steel barrier. The fixed work zone will remain in place until construction activities are complete, which is expected in fall 2025.

Traffic will be affected as follows:

- Route 1A northbound is reduced from two lanes to one lane and will remain in that condition on a continual 24/7 basis, beginning in the area near the Lynnway on-ramp in Revere, across the General Edwards Drawbridge, and ending in the area near Hanson Street in Lynn until the overall repair work is fully complete.
- Route 1A southbound will be temporarily reduced from two lanes to one lane across the bridge during overnight hours on Sunday through Thursday evenings from 8:30 p.m. each evening to 5:00 a.m. the following morning to complete the replacement of the median barrier. Once the median barrier replacement work is complete, the contractor will complete the targeted bridge repairs working within the fixed, work zone during daytime hours, Monday through Friday, from 7:00 a.m. to 3:30 p.m. and two lanes will be available on Route 1A southbound.

Appropriate signage and law enforcement details will be in place to guide drivers through the work area.

Drivers traveling through the area should expect delays, reduce speed, and use caution.

All scheduled work is weather dependent and subject to change without notice.

## MASSDOT ADVISORY

### Overnight Lane Closures and Detours on Route 129 (Lynnfield Street)

The Massachusetts Department of Transportation (MassDOT) is announcing temporary overnight lane closures on Route 129 (Lynnfield Street) between Lookout Terrace and Lebel Road. These lane closures are scheduled to occur weekly, Monday through Thursday nights, from 9pm-5am the following morning, beginning Monday night, August 25, and continuing through Friday morning, September 19, to allow crews to safely and effectively perform pavement milling, resurfacing and other items of work.

Lane closures will be required with varying traffic management plans. Detours may be utilized depending on the operation and specific location within the limits of work.

This work is being done under a state highway access permit project.

## AVISO DE MASSDOT

### Cierre de Carriles Durante la Noche y Desvíos en la Ruta 129 (Lynnfield Street)

El Departamento de Transporte de Massachusetts (MassDOT por sus siglas en inglés) anuncia el cierre temporal nocturno en la Ruta 129 (Lynnfield Street) entre Lookout Terrace y Lebel Road en Lynn. Estos cierres de carriles están programados para

ocurrir semanalmente, de lunes a jueves por la noche, desde las 9:00 p.m. a 5:00 a.m. de la mañana siguiente, comenzando el lunes 25 de agosto y continuando hasta el viernes 19 de septiembre por la mañana, para permitir que el personal de mantenimiento realice trabajos de molido de pavimento, repavimentación y otros trabajos con seguridad y eficacia.

Se requerirán cierre de carriles con diferentes planes de gestión del tráfico. Se podrán utilizar desvíos según la operación y la ubicación específica, dentro de los límites de trabajo. Este trabajo se está realizando en el marco de un proyecto de permiso de acceso a la carretera estatal.

# Lynn Harbor Park Ribbon Cutting Ceremony

We are celebrating the official opening of a revitalized waterfront for the City of Lynn!

Please join us for a ribbon cutting ceremony at Lynn Harbor Park, where we will commemorate the transformation of the 30-acre waterfront destination that reconnects the community to the shoreline for the first time in generations.

This celebration honors the partnerships, vision, and hard work that brought this once-closed, environmentally impaired site back to life, now open to the public as a vibrant space for recreation, reflection, and future development.

Tues, Sept 23  
10AM-12PM

Lynn Harbor Park  
14 Hanson St.
