"This month we attended SEEK, a conference run by FOCUS missionaries. This annual conference is held for college students; inviting them to SEEK Christ. We were able to talk to students who came to our booth at Mission Way and invite them to participate in one of our Missions on the streets of Philadelphia. Missionaries from another organization, Christ in the City, were in the area for the conference and ended up joining us on a mission later that week. They are expanding from Colorado to Philadelphia and were looking for a mission site. It is so beautiful to witness the ways the Lord is moving as we work together to build up the kingdom of God." - Emily Bracken

BE NOT AFRAID!
James 1:8

"We had the opportunity to meet with Archbishop Perez at a Delaware county young adult ministry dinner. The Archbishop spoke on his zeal to create a culture of missionary disciples in Philadelphia. We connected deeply with his vision and were encouraged in our mission to help form missionary disciples by inviting them into an encounter with Christ through those who are most in need in our community." - Joe Coffey

Meeting with the Archbishop

ECyD at Notre Dame De Lourdes

"This month, the Apostles formed two ECyD bible study groups for the 6-8th graders at Notre Dame de Lourdes School in Swarthmore. ECyD is a program affiliated with Regnum Christi that empowers the youth to have an encounter with Christ through diving into the scripture as a community. At the core of ECyD is our pledge of friendship with Jesus Christ and with our team to grow Christ's kingdom on earth. The relationship that we foster as one body, united to Christ, allows us to accompany these adolescents in their understanding of the gospel as to inspire and empower them to invite Christ to reign in their hearts and enter into a life of missionary discipleship." - Pia Buentello

MISSION YOUTH PHILLY

Can you
feel the JOY?!

WATCH VIDEO

"This month, we received 12, highschool missionaries from Rhode Island for 5 days of mission. The week started in Kensington where we had Mass at The Last Stop before encountering people on the main avenue. Then the missionaries shared their joy going door-to-door in the neighborhood of Eddystone to invite everyone to Mass at the nearby parish and to gather prayer intentions. We also spent time hiking, cooking, and cleaning up the leaves and gardens at our local parish. The missionaries shared that they didn't care that our kitchen was tiny or that we didn't have a couch and TV. They said that they didn't want to leave because they could tell something was different here."

"Without Christ, we know this mission wouldn't be

Thank you for your continued prayers and support! You and your families are in our prayers daily.

Peace and Joy,
The Mission Youth Apostles
