Newsletter

"While accompanying the 7th graders at St. Katherine's during their Confirmation Retreat, it was a joy to spend time with them discussing the sacrament they are about to receive. We were able to share our testimonies and sit down to talk further about their relationship with Christ. As these young men and women mature in their Catholic faith, through the sacrament of Confirmation, we encouraged them to use the tools they have already received such as the sacrament of confession and the lives of the saints to grow closer to Christ." - Emily

BE NOT AFRAID!
James 1:8

The March For Life

"The day before the March for Life we ran a Mission in DC where we invited anyone we saw into adoration and to hear a message of life. Being in DC for the March is always inspiring. The Catholic church all over the country is ready to defend life from the scourge of abortion, and seeing the unity and passion is renewing for all of us as we continue to fight for the right to life." - Joe

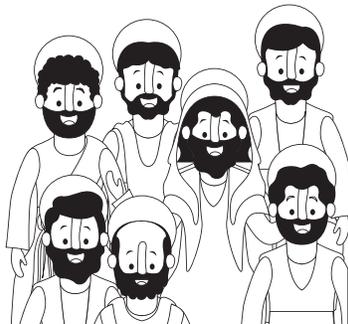

Community Life: Sunday Brunch

"Oh, the joy of community!
This month a new tradition began
when the Magdala House and
Frassati House came together to
share a meal. After Mass, we made
brunch together which consisted of
cinnamon toast crunch french toast
(we got creative!), playing old
records, and hilarious commentary
about the lives of the saints.
We have been overwhelmed by
God's kindness! He has provided
abundantly for the young adult
community here at Our Lady of
Peace." - Malorie (HFD)

Kensington Mission

"The Padre Pio prayer Center in Frankford has a beautiful evangelization project that facilitates a relationship between the Capuchin Friars and the neighboring area through service, prayer, and community life. We have had the privilege of joining the Postulants, who are discerning there, in their weekly apostolic ministry of spreading the gospel on the streets of Kensington. It has been enriching not only to grow in relationship with these Postulants and to learn from their inspiring witness as they continue in their discernment process but also to be able to unite our mission with theirs and serve together as one body of Christ working to grow the kingdom." - Pia

Thank you for your continued prayers and support! You and your families are in our prayers daily.

Peace and Joy,
The Mission Youth Apostles
