KENILWORTH SAILING CLUB 2021 SEASON

The Kenilworth Sailing Club is pleased to offer the Water Sports Camps for 2021. This instructional and recreational program offers fun and challenge for those who are new to the sports of sailing, kayaking, and paddle boarding. The class is open to children entering at least 4th grade in the fall. Instruction on the water and on shore is under the careful direction of our experienced sailing staff. There will be three instructors for twelve students.

The Program: The Water Sports Camp is held in the mornings Monday through Friday and afternoons on Tuesdays and Thursdays. We will take up to 12 students in each session. Enrollment will be on a first come basis.

The Curriculum: The Water Sports Camp will be what your children will remember most about growing up near the lake. They will like it because it is all about enjoying the lake with friends. Parents will like it because it is safe, supervised, and in the neighborhood! The camp focuses on enjoying three water sports: kayaking, paddle boarding, and sailing. Daily activities will depend on the weather and the water. At different times during the camp, there will be relays, races, and games. Each sport will be introduced with an overview of the basic skills needed in order to safely use and enjoy the equipment. While sailing with an instructor, beginners will learn the basics of using the tiller and adjusting the sails. Safety skills will be taught for both kayaking and paddle boarding: how to launch and board from the beach, how to return to the beach and disembark, how to board from the water, and how to paddle and maneuver. Each session will emphasize the importance of water safety.

Safety: Trained instructors are on duty at all times to assist in the launch and return of boats, and retrieval by boat rescue, if necessary. **Every participant must wear the camp provided US Coast Guard approved vest-type life jacket at all times on the water.**

Eligibility and Requirements: The program is open to non-club members and to residents of the Sears School District, as well as to KSC members and residents who are entering grades four and five. A simple swimming check of 50 feet in lake waters is given during the first week of the program. Shoes (tennis or water) must be worn at all times, and warm clothing, such as a windbreaker and sweatshirt, and a snack should be brought each day.
