

The Community Garden Club of Meredith welcomes you to the 2019 blooming season: growing friendships, enhancing a beautiful community and nurturing goodwill, all through our love of plants in nature's glorious surroundings.

**New this year** our season will feature 8 monthly meetings. The first meeting is scheduled for March 21<sup>st</sup> at the Meredith Community Center at noon with a hands-on presentation by Dockside Florist owner, Michelle. The theme will be flower arranging. The following meeting, April 18<sup>th</sup>, we return to the Meredith Community Center where the Squam Lakes Association will present, "Invasive species in your garden and what to do about it." May 16<sup>th</sup>, Meredith Bay Colony Club hosts our club for a luncheon. "Who is a Garden Junkie?" is the topic by Fern Doucette, noted local speaker.

Other programs for the season include a visit to the Currier Museum and the Zimmerman House, and a docent led program and tour of the Meredith Farm Museum. So, come join the fun and bring a guest.

To ensure our 2019 yearbook is correct, please return the form below to P. O. Box 377, Meredith, NH or email [info@meredithgardenclub.org](mailto:info@meredithgardenclub.org). Yearbooks will be available starting at the May meeting, upon payment of dues. After many years, the dues have been raised to \$25 per year.

Thank you and see you soon!

Carol Gerken and Pat McFarlin
