

---

**About the Income – Based Fee Program**

**Kids Plus Academy is committed to ensuring that every family can attend our center regardless of their financial situation. We set our tuition fees 70% below market rate for families in the low to middle income range. This application provides further assistance to those who demonstrate a financial need.**

**To apply fill out the form below and provide the requested information.**

**Your approved tuition rate will be reviewed and renewed every six months and you will be requested to show proof of income. If Kids Plus increases rates for other families, there may be an increase in the rates you are required to pay.**

**Families that meet eligibility for other scholarships, such as NCI, or other state subsidy, will be requested to utilize that form of support first. If your income changes during the year and affects your eligibility, you are asked to share this information with the Administrator as soon as possible so your rate can be adjusted.**
