October 4, 1985

Dear Mr. Kuniba:

It is a pleasure to express warm greetings to the citizens, attendants and participants of the 1985 SEISHINKAI KARATE TOURNAMENT.

Karate is more than a sport, it is a way of life that promotes good citizenship and strengthens the moral fiber. The discipline, perserverance and enthusiasm that accompanies the training necessary to become a skilled Karate student can be deeply appreciated, especially when it ultimately benefits the community as a whole by proliferating the lawabiding philosophy of the Martial Artist.

Best wishes for an exciting, safe, and memorable Karate Tournament.

  
FUMIO DEMURA
