Pest Control Statement	January 1 st , 2023 – Dec 31 st , 2023
Dates Covered:	
Authorized Company Representative:	Brad Blankenship, Technical Manager, Sigma Stretch Film

All five of Sigma Stretch Films manufacturing plants contract a licensed pest control operator in their area to develop and maintain pest control programs to insure a level of control appropriate for the manufacture of industrial grade stretch films.

The pest control plans have been developed by the contractor to provide adequate protect for industrial grades films and include exterior bait stations, interior traps, and chemical treatment.
