## WHO WE ARE

Our mission is to advocate for people in recovery and provide holistic options for those recovering from substance use disorder, codependency, and trauma.

Our vision is to create communities free of substance use disorder, codependency, and trauma.

# HOW WE HELP

Every September we celebrate National Recovery Month with our **Flint Recovery Walk & Rally**. This is Serenity House's signature free awareness programming event and we are coming up on our sixth year. Each year about 200 attendees gather in downtown Flint with policy makers, a dozen other non-profit organizations, vendors, musicians for this recovery celebration. In the event of state restrictions we will have the event virtually.

May is our **Flint Recovery Arts & Music Show**. This FREE community event program will happen on the second Friday of May as a porch event and it coincides with Flint's Art Walk event. The event has welcomed about 200 people in recovery and their friends and family. Musicians, speakers, live art, and display art are all part of the festivities. This is safe and sober fun for the entire community. We reach about 2,000 people in and around Genesee County indirectly. In the event of state restrictions we will have the event virtually.

Each year we have **four annual family awareness events** with various partners in the community. We have a Trunk or Treat event, a Christmas Awareness Event, A Family Movie Event, and a Welcome Spring event. We reach approximately 300 people each year with these events. These events are held in-person and virtually.
