IN THE NEWS!

Improving Equipment Security to Mitigate Physical and Digital Threats

The construction industry is acclimating to an ever-digitizing workflow and ecosystem, alongside the growing importance of protecting equipment in sectors related to critical infrastructure.

[**READ MORE**](#)

AI in Construction: What Does It Mean for Our Contractors?

Artificial intelligence is revolutionizing the construction industry by enhancing efficiency, safety and decision-making throughout the project lifecycle.

Analyze and Control Your Construction Project Gain/Fade

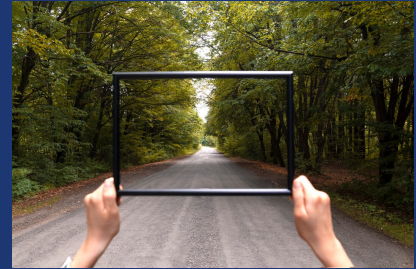

Are you leaving money on the table? Every construction project is unique, so how does a company executing it estimate for optimal gain/fade margins?

[READ MORE](#)

Setting the Stage for Growth

Will 2025 be the year that construction can turn the page and transition into a more sustainable path for growth? The Fed's change in stance and the expectation of lower rates over the next year certainly set the stage for that.
