

UNICUS CONSULTING

unicusrail.com

CAPABILITY STATEMENT

UNICUS Rail and Consulting Services is a strategic partner for public and private sector organizations seeking **expert rail, transportation, and urban planning solutions.**

With 30+ years of experience, UNICUS specializes in infrastructure optimization, community development, and project execution. Our comprehensive approach integrates regulatory compliance, intermodal transportation, and land use planning, ensuring efficient, tailored solutions with a commitment to excellence and customer service.

KEY DIFFERENTIATORS

- UNICUS Rail & Consulting Services stands apart with personalized, results-driven solutions integrating infrastructure, economic development, and community planning.
- With 30+ years of public and private sector experience, we understand the complexities of rail infrastructure, transportation safety, urban development, and regulatory compliance – this enables us to facilitate project approval, navigate regulatory challenges, and coordinate with multiple stakeholders for efficient, high-quality project execution.
- Unlike larger firms, UNICUS offers hands-on customized consulting, data-driven strategies, and cost-effective implementation.

From railroad corridor planning and economic development strategies to mobility and transportation safety improvements, we deliver lasting solutions that **drive progress, enhance connectivity, and build sustainable communities.**

CORE COMPETENCIES

✓ RAIL AND TRANSPORTATION CONSULTING

UNICUS specializes in expert planning and execution of rail infrastructure projects, providing strategic solutions for government, private, and non-profit sectors. We have expertise in freight and passenger rail operations, regulatory compliance, stakeholder involvement, and rail safety planning.

✓ GOVERNMENT AND PUBLIC SECTOR ADVISORY

With 30+ years of experience, we assist in policy development, regulatory compliance, and transportation funding. We collaborate with agencies to enhance rail and multimodal systems, advocating for funding and project approvals.

✓ INFRASTRUCTURE PLANNING AND DEVELOPMENT

UNICUS has expertise in rail and intermodal infrastructure design, feasibility studies, risk assessments, and project management. We optimize multimodal planning while integrating sustainable transportation solutions.

✓ PRIVATE SECTOR AND BUSINESS CONSULTING

We provide customized solutions to enhance logistics through rail transportation, including cost-benefit analysis, contract negotiations, and strategic partnerships with rail operators.

✓ COMMUNITY PLANNING

We support governments, businesses, and non-profits in achieving development goals through strategic planning, land use optimization, and infrastructure design. Our expertise includes ADA compliance, complete streets planning, intermodal logistics operations, transportation safety, public engagement, and grant writing to secure funding for sustainable urban growth.

✓ PROJECT MANAGEMENT AND EXECUTION

UNICUS provides end-to-end project planning, coordination, and risk mitigation to ensure timely, cost-effective project delivery. We streamline implementation, enhance productivity, and optimize resource efficiency.

✓ CUSTOMER-CENTRIC APPROACH

We are dedicated to personalized service, clear communication, and responsiveness. We manage projects of all sizes with a results-driven focus, ensuring long-term success and operational improvements.
