

CAPABILITY STATEMENT

Judah's Lion, LLC was founded by Ava Williams in 2017.

The company provides **versatile, innovative, and high-quality professional services** in the **Green Living Division**, concentrating in two specific areas:

Indoor/Outdoor Air Quality Solutions

by eliminating airborne pathogens, allergens, and viruses with the highest, most recent technology developed by NASA and certified with the FDA.

Electric Vehicle Supercharging Stations

to reduce fuel emissions.

- ✓ We tailor build and install charging stations for residential, commercial, government, school, and business use.
- ✓ Our charging stations are agnostic
- ✓ We navigate the regulatory and permitting requirements.
- ✓ We train and empower your team on equipment, standards, and compliance.
- ✓ We collaborate with an established, nationwide company in the electric vehicle supercharging station industry.

DIFFERENTIATORS

We are a small business with big aspirations! We are eager to achieve our goals, and will strive in each assignment to deliver **the best results with competitive costs.**

- ✓ **Accountable**
- ✓ **Loyal**
- ✓ **Agile**
- ✓ **Efficient**
- ✓ **Strategic**
