ROADTEC RX-600e Milling Machine

Let us do it for you!

We provide experienced milling operators with our new RX 600e cold asphalt planer. Open road capacity with a 7'.2" width milling drum. YD guarantees high productivity, convenience and reliability. We have a daily shift rate (8 hours) of only \$3,500.00. YD can also provide unit pricing for your projects. Give us a call at 813-466-8434 or email us at mgonzalez@ydcontractors.com.

NOTE: Customer should provide traffic control and water source. The removal of all asphalt, paving markings in all areas where the standard milling machine doesn't have access, protection for storm water infiltration. Location and marking of structures in milling area and temporary ramping. Mobilization charge of \$500.00 and bond are not included in price. Anything above the daily shift rate of 8 hours will incur in a charge of \$450.00 per hour.
