IN THE NEWS!

On the Front Lines: Influencing Construction Site Safety

No one has more influence on construction site safety than frontline supervisors, also known as foremen. Their impact on a project's overall success cannot be overstated and that's particularly true for safety. But those responsibilities are a heavy burden given the dangers of working in our industry.

Ten Toes Down': Excel Construction's \$15,000 Annual Donation

Beauty, even in the built environment, comes at a price—one that Excel Construction of Florida intends to pay in full by donating \$15,000 in construction materials and labor each year to a nonprofit organization in south Florida.
