Previews available in: English Swami Muktananda (1908–1982) penned this autobiography over the course of a single week. In his early years, he lived as a sadhu, a wandering yogi who practiced meditation on the streets of New Delhi. Swami Muktananda (1908–1982) penned this autobiography over the course of a single week. In his early years, he lived as a sadhu, a wandering yogi who practiced meditation on the streets of New Delhi. His initiation by his guru, Bhagawan Nityananda, took place in 1947, when he experienced the inner transformation brought about by Kundalini Shakti, which he calls "Kundalini Shakti." While meditating, the author describes seeing a vision of the Blue Pearl, along with other visions. Muktananda was the person who brought the Siddha Yoga tradition to the West in the 1970s. In the years leading up to his death in 1982, he had written 40 books and established more than 600 meditation centers around the world. In the modern world, Gurumayi Chidvilasananda, his spiritual heir, is carrying on his legacy. In this new edition of Play of Consciousness Swami Muktananda PDF, which was first published in 1970, Swami Muktananda emphasizes that the realization of God is only possible through the guidance of a Guru: He is the one who awakens the Inner Shakti Kundalini through shaktipat; he is the one who sets the divine Shakti in motion in man's body; he is the one who bestows the ecstasy of knowledge and the joy of Aside from these topics, the author discusses the importance of meditation, spiritual practice, the dissolution of desire, mantras, and the path of love as well. Muktananda concludes by saying, "The pleasing of the Guru is the source of all attainments and the source of everlasting peace." It is laid out in all of its diversity and intensity in this volume, which is devoted to the way of the Siddhas, or the perfected ones. Swamiji Muktananda's spiritual autobiography, which has been translated into several languages, tells the story of his journey to self-realization under the guidance of Bhagawan Nityananda, candidly describing his extraordinary experiences. [jupomasetexuwum.pdf](#) From his spiritual initiation on August 15, 1947, through his enlightenment nine years later, this book serves as a guide for seekers who are striving toward the same goal as him. A new introduction by Gurumayi Chidvilasananda and old photos of Swami Muktananda are in this new edition of the book. This is the first time the book has been updated. Known as the "meditation revolution," Swami Muktananda spread his Siddha Yoga path throughout the world, sparking what he called a "meditation revolution."
