KUTOL

Hand Care Specialists

Kutol is your solutions-driven manufacturer of commercial skin care products and dispensing systems. In operation for more than 100 years, we are driven by our purpose of Clean Hands for a Healthy World.

Our brands, Health Guard® and Kutol® Pro, ensure the highest quality skin care products are available throughout facilities: in restrooms, sink areas, offices, maintenance and janitorial areas, entrances and anywhere people meet and gather.

Hand Soaps and Sanitizers

General purpose foaming soap, antibacterial and luxury washes are gentle on hands and highly effective at preventing the spread of germs.

Alcohol and non-alcohol hand sanitizers kill 99.99% of most common germs in seconds. All sanitizers are NSF E3 rated; the alcohol formulas are Green Seal® certified.

Heavy Duty Hand Care

Scrubs and cleaners tackle the greasiest, dirtiest, hardest working hands – removing most soils and stains in one application.

Kutol also offers custom formulas and packaging for private branding. With extensive experience and proven processes, Kutol provides the ultimate competitive advantage in private branded skin care.

All skin care products are manufactured in the USA in Kutol's LEED Silver certified, FDA-registered facility. Our commitment to quality means we follow the most stringent government guidelines and are in compliance with Current Good Manufacturing Practices.

Kutol's purpose of **Clean Hands for a Healthy World** embodies our dedication to sustainable hygiene. We proudly produce Green Seal® Certified, USDA BioPreferred® and ECOLOGO® skin care products that help protect environmental and human health. But it goes beyond the products. It's how we design and manufacture them, the manner in which we operate our LEED® Silver Certified facility and the way in which we grow our business.
