HIGH PERFORMANCE

V2100

Rust Preventive Enamel Spray Paint

V2100 System Rust Preventive Spray Paint is the ultimate spray paint for industrial applications. This advanced formula provides the best possible corrosion protection with easy, one-coat coverage and long-lasting color, gloss and durability. Typical applications include general plant maintenance, machinery, equipment, structural steel, pipes, metal cabinets, conveyors, vents, tank exteriors and more.

- Extra-wide comfort nozzle prevents finger fatigue and sprays from any angle, even upside down
- Tough, professional finish- Superior resistance to chipping, cracking and peeling; MIR-compliant nationwide
- Meets USDA requirements for incidental food contact

High-output tip covers faster and dries to touch in only 20 minutes

Paint is formulated to withstand high temperatures up to 200°F (93°C)

One-coat coverage with most colors matching 7400 or V7400 System for quick touch-ups
