

SEARCY BEATS & EATS events are music & food truck festivals held downtown and in various locations around Searcy, Arkansas. The events feature artisan merchants, food trucks and cottage food merchants, activities, and live music acts. A volunteer committee of community members organizes the events in partnership with the City of Searcy. Our mission is to promote unity and growth in our community by providing a place for artisans, musicians, and entrepreneurs to share their craft while facilitating an environment that encourages conversation in a family-friendly way.
