Re: Talamore Senior Living – Work Performance

Jevon,

John Foley Masonry was a pleasure to work with. Coming in to the project John Foley was a masonry contractor that we hadn't used before. Throughout the bidding process and construction Jevon & Jarmon were very professional and hard working. The timeliness of submitting shop drawings, getting material samples, etc. were great and flowed right in to executing the work. John Foley Masonry did an excellent job and did everything they said they would do plus more. We really appreciate John Foley being apart of the team and will be seeing you down the road; referring you to other Project Managers throughout Ryan Companies.

Sincerely,

Josh Brown
Project Manager
