e-PRESCRIBING PBM CONSENT FORM

Prescribing is defined as a physician's ability to electronically send an accurate, error free, and understandable prescription directly to a pharmacy. Congress has determined that the ability to electronically send prescriptions is an important element in improving the quality of patient care.

Benefits data are maintained for health insurance providers by organizations known as Pharmacy Benefits Managers (PBM). PBM's are third party administrators of prescription drug programs whose primary responsibilities are processing and paying prescription drug claims. They also develop and maintain formularies, which are lists of dispensable drugs covered by a particular drug benefit plan.

The Medicare Modernization Act (MMA) 2003 listed standards that have to be included in an ePrescribe program. These include:

- **Formulary and benefit transactions**— Gives the prescriber information about which drugs are covered by the drug benefit plan.
- **Medication history transactions**—Provides the physician with information about medications the patient is already taking prescribed by any provider, to minimize the number of adverse drug events.

By signing this consent form you are agreeing that Advanced Women's Health Specialists can request and use your prescription medication history from other healthcare providers and/or third-party pharmacy benefit payors for treatment purposes.

FINANCIAL POLICY

Dear Patient:

It is our hope that we can provide our patients with the best care and service possible. Therefore, it is important that you have a complete understanding of our financial policy as it relates to your financial obligation. Please read the following document thoroughly and sign below only after you have read and agree to comply with the policy of Advanced Women's Health Specialists.

- If you are a member of a health plan that Advanced Women's Health Specialists participates with, we will submit your claim on your behalf. Your co-payment will be expected at the time services are rendered. You will also be responsible for any services provided that your health care plan deems as "not covered" or "not a benefit".

- If we do not participate with your insurance plan, full payment is due at the time services are rendered.

- Medicare patients will be responsible for their deductible, co-insurance and any services Medicare may deem "medically" unnecessary.

- If you are a minor, the parent or guardian accompanying you to the visit will be held responsible for the payment.

- We reserve the right to charge for additional services that may be rendered on your behalf to better assist you, such as phone consultations, copying of medical records and completion of relevant forms. We ask that you provide us with a week's notice for the above-mentioned requests. There is a minimum $25 fee for each set of copies that is requested and a $25 fee for each form that needs to be filled out by the physician.

- We accept the following forms of payment: Cash, Check, MasterCard and Visa Debit and Credit Cards, and Discover. Please note that there will be a $35 fee for any check that is returned due to insufficient funds.

- We reserve the right to turn your account over to collections if it is deemed that you have defaulted on payments despite written and phone notifications. If payment is late, a $10 charge will be added to your account for each additional month of delayed payment. You will also incur a $35 non-refundable fee once your account has been sent to collections. You agree to pay all collection fees, including any relevant legal and attorney fees incurred by Advanced Women's Health Specialists, PLLC, in enforcing this policy.

- We value your appointment and we believe that as a courtesy to patients like yourself, any plan to cancel or reschedule an appointment must be performed 24 hours in advance. Failure to do so may result in a charge of $50.

OB Financial Policies

Thank you for choosing Advanced Women's Health Specialists for your pregnancy and delivery. In an effort to keep your healthcare costs to a minimum, we have adopted the following policies. Your understanding of these policies is important. Please review this document and contact our billing office with any questions you may have.

Global Care

Your insurance company describes this as all prenatal visits relating to your pregnancy from the second visit until delivery. Therefore, Advanced Women's Health Specialists (AWHS) will bill your prenatal visits (13-14 visits), delivery and postpartum visits separately.

Labs and ultrasounds are not considered to be part of the global fee and are billed separately at time of service. Depending on your insurance coverage, you may be responsible for a portion of these charges.

Patient Portion and OB Payment Plan

After your initial visit, we recommend contacting your insurance company to obtain benefits for pregnancy and verify any precertification of services required. Some insurance requires the patient to contact them for prenatal registration.

OB Payment Plan - When calling for pregnancy benefits, your insurance will advise you of your portion of the global fee. This is called your co-insurance. We are authorized by your insurance to collect this portion prior to delivery. Our policy is that the amount due be collected by the 32nd week of pregnancy. We will create an OB Payment Plan that will be available by your second OB visit. We offer these options in regard to payment:

- Payment in full (due at your third visit)
- Monthly payments at time of visit, up to 32 weeks

Please remember that you may have a deductible that will have to be met. If this is the case; you may have additional charges that will be your responsibility. Deductibles can't be collected upfront. The claims must go through the insurance first. **

Co pays

Most insurances do not charge a copay per visit AFTER your initial visit. They do, however, charge copays for any testing or visit outside of the "Routine Prenatal Care". Specialized testing, such as non-stress testing, may require copays. Copays are due at time of service. A late fee of $25.00 will be assessed to those not paid at time of service.

HRA/HAS/Flex Spending

Higher deductible plans (HRA, HSA, and FLEX) encourage patients to share more responsibility for how their health care dollars are spent. This means that you will have a larger portion of your health care costs to pay. Plans vary from insurance to insurance making it almost impossible to track all plans. Due to this, AWHS requires the global fee to be paid by the 32nd week of pregnancy, as with traditional plans.

Changes in Insurance

Should you have a change in insurance during your pregnancy, please contact the billing department as soon as you have all of the new information. We recommend contacting your insurance company to obtain benefits for pregnancy and verify any precertification of services required.

****A note about benefits****

Please keep in mind that although your insurance quotes benefits in regard to pregnancy, there is no guarantee of payment. Insurances consider many factors when claims are being adjudicated or processed. Any questions in regards to an insurance payment must be directed to your insurance company.

Leaving the Practice

Should it be necessary for you to transfer care during your pregnancy, AWHS will bill your insurance for their portion of the global fee.

Tubal Litigation (sterilization) at Delivery

Sterilization procedures are an additional charge. Should you decide to proceed with sterilization, we recommend contacting your insurance company in regard to sterilization benefits. You will be responsible for any co-insurance amounts prior to your delivery.

I acknowledge that I am signing this statement voluntarily, and that it is not being signed under duress or after the services have already been provided.
