COMPANY OVERVIEW

Smith Metal is an AS9100D certified aerospace contract manufacturer with design scope, ISO 9001:2015 certified, and a Service-Disabled Veteran-Owned Small Business. With more than 50 years of precision machining experience, we support aerospace, medical, defense, and other high-performance industries.

Our in-house capabilities support prototype through production work, including complex machining, Swiss-style production, EDM, grinding, inspection, gage and fixture design, and component design support.

PART SIZE CAPACITY

- CNC Milling up to 84" x 32" x 30"
- CNC Turning up to 24" diameter
- CNC Swiss Turning 1.25" diameter max size
- EDM Wire 32" x 26" x 9"
- EDM Sinker 31" x 21" x 14"
- EDM Drill .004"-.120" diameter
- Surface Grinding 12" x 24"
- OD/ID Grinding 14" diameter x 40" between centers
- CNC Sawing 12" capacity
- Laser Engraving with rotary

VALUE-ADDED SUPPORT

- Full Component Design
- Gages and Fixture Design and Manufacturing
- Prototype and Production Volumes
- Assembly
- Outsourced Part Finishing (heat treat, coatings, etc.)
- Environmentally Controlled Facility
- Inspection Equipment (CMM, FARO, optical comparator, etc.)

INDUSTRIES SERVED

- Aerospace • Defense • Medical • Industrial
 Automotive • Food Processing Equipment • & More
