

## Treatment Program

**All our treatment programs are specially tailored to suit individual needs.**

During initial visit, our doctor will put forward a general treatment program for the patient to have a clear idea and expectation of the ongoing treatment process. During following visit, our doctor will fine-tune the treatment program to suit the progressing healing process.

Our treatment do not stop after patient leave our clinic, this is made possible by Auricular Acupuncture and Kinesio Taping.

In our treatment program, there are different combinations of following services :  
Acupuncture - Balance Acupuncture, Auricular Acupuncture,  
Scalp Acupuncture

Herbal Medicine

Tuina Chinese Massage Therapy

Cupping

Fumeless moxibustion

Kinesio Taping

## Our clinic provides

a range of convenient, safe, hygienic options to suit individual life style and needs:

**Raw Herbs** (dry herbs) –

Traditional Chinese Herbs to be stewed, strained and taken at home.

### **Granules** (ground herbs) –

Granules are 100% GMP natural herbs manufactured by ISO9002 supplier, approved and supervised by Taiwanese Health Ministry. Herbs are hygienically packed and sealed in paper sachets in safe, measured doses. Patients simply add water and honey to taste.

### **Tincture** (liquid solution) –

Conveniently prepared in one of only several Automatic Decocting and Packing machine in Australia. Herbs are liquefied, pressured cooked, hygienically packed and sealed in special plastic bags in safe, measured doses that only need to be reheated before taking.
