- ◆ Provincial Council of Members
- ◆ Provincial Executive Committee
- ◆ Life Membership
- ◆ Honorary Members / Ordinary Members

Funding and Support:

- ◆ Contribution by members
- ◆ Donations by General Public
- ◆ Social Organizations

Proposed Donations and Funding from the Following Sources:

- ◆ Grant in aid from Govt. of Sindh and Govt. of Pakistan
- ◆ National & International Donor Agencies

BACKGROUND

The Medical & Engineering Graduates Welfare Association of Sindh (MEG-WAS) was established on 21st May 1997 and it was registered on 10th October 2003 under the voluntary Social Welfare Agencies (Registration & Control) ordinance 1961 (XI, VI of 1961) of Sindh province.

The primary objective was to establish an association that caters to the needs of Doctors and Engineers who face immense challenges, including deteriorating working conditions, in the province. Despite their crucial roles, the professionals in these fields continue to grapple with unresolved issues, such as unemployment, limited foreign scholarship opportunities, inadequate service structure, delayed promotions, and insufficient technical allowances. Furthermore, they face low monthly salaries, inadequate medical compensation, and health insurance, as well as limited access to housing societies, clubs and academic resources.

Vision:

Our vision is to support doctors and engineers by addressing their key challenges, ultimately enabling them to deliver exceptional service and drive excellence in Pakistan's medical and engineering sectors.

Mission:

Our mission is to foster a highly motivated and skilled workforce of doctors and engineers, equipping them to make meaningful contributions and bring positive impact within their respective medical and engineering communities.

Our Values:

At the core of our organization lie the values of dedication, love, peace, and harmony, which guide our pursuit of justice and equality. We uphold the principles of self-responsibility, transparency, and accountability, fostering a culture of trust, integrity, sincerity and equality to bring positive change in the society.

Aims & Objectives

The aims and objectives of MEGWAS were very clearly spelt out from day one, they include main things like, organizing the Sindh Doctors and Engineers on one platform to achieve peace, tranquility, harmony and self-sufficiency amongst Sindh Doctors, Engineers and others. These aims and objectives also include taking efforts towards achieving better education, health, economy and environment for medical and engineering graduates of Sindh.

The Aims and objectives of the organization are as follow:

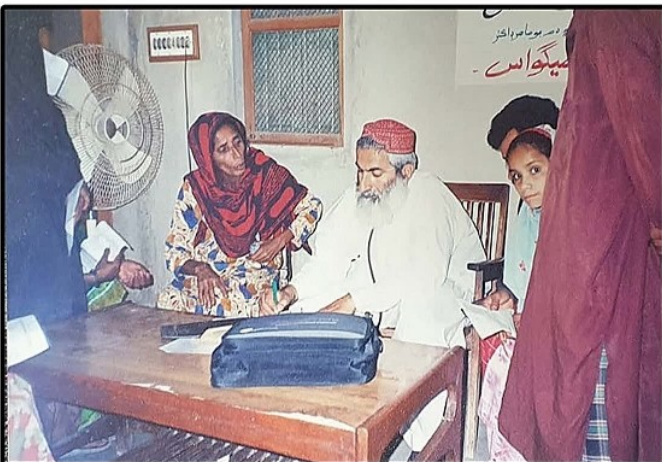

- 1) To organize, unite and consolidate the Professional Graduates of Sindh.
- 2) To help the Professional Graduates in the problems resolving to their employments.
- 3) To establish cooperative housing society for members of the organization.
- 4) To Co-operate and federate with other organizations of Sindh having noble objectives especially of human rights improvements.
- 5) To initiate revolutionary steps to ameliorate the social, economic, civic, health and educational conditions of Sindh to make them responsive to present times.
- 6) To provide economic relief to deserving students in professional Colleges / Universities.
- 7) To ensure seeking facilities from Federal/Sindh government and private sources for providing libraries, reading rooms and health clubs in professional Colleges / Universities of Sindh.
- 8) To organize the programs for the uplift of social and cultural skills of the members in a way as mentioned below:
 - i) Arranging Debates, General Knowledge, and Scientific research competitions.
 - ii) To organize literary sittings with renowned poets, intellectuals and heroes of Sindh.
 - iii) To celebrate the Birth Anniversaries of all-time great Personalities of Sindh, like Shah Abdul Latif, Sachal Sarmast, Sami, Makhdoom Bilawal, Z.A. Bhutto, G.M. Syed, Gulam Mustafa Shah etc.
 - iv) To publish periodicals/Newspapers/E-papers for the Association.

Past Performance of Organization

The organization right from beginning has been taking interest in the social, economic and upliftment activities in Sindh and their impact has been marvelous. It has undertaken various desirable social activities in various areas, some of the social activities performed in the past are mentioned below briefly:

A - FREE MEDICAL CAMPS

1. A free medical camp was held at village Khorwah, Taluka Golarchi, District Badin on 31st August 2003. In this medical camp, the number of beneficiaries in terms of OPDs was 1,500.
2. A free medical camp was held at Ahmed Raju, Taluka Shaheed Fazil Rahu, District Badin on 31st August 2003. In this medical camp, the number of beneficiaries in terms of OPDs was 1,200.
3. A free medical camp was held at village Bughra Memon, Taluka & District Badin on 31st August 2003. In this medical camp, the number of beneficiaries in terms of OPDs was 1,800.
4. A free medical camp was held at the Rural Health Centre in Hingorja, District Khairpur on 18th October 2003. In this medical camp, the number of beneficiaries in terms of OPDs was 2,500.

In this camp, food rations and clothes were distributed among the poor and destitute. The response from the recipients was overwhelmingly positive. A total of 1,350 beneficiaries received food and ration packets, along with 400 pairs of clothes and shoes, as requested by them.

For this purpose, the management had enlisted the support of the following individuals to distribute these items among the poor:

- ➔ Dr. Shafqat Hussain Abbasi
- ➔ Engr. Mukhtiar Ahmed Shaikh
- ➔ Engr. Abdul Jabbar Solangi
- ➔ Dr. Dost Muhamad Memon
- ➔ Engr. Abdul Razzak Rahimoo
- ➔ Dr. Ghulam Mustafa Memon

- ➔ Dr. Manzoor Memon
- ➔ Engr. Sheeba Siddiqui
- ➔ Dr. Zahid Hussain Mallah
- ➔ Dr. Sunita
- ➔ Engr. Abdul Ghani Shaikh
- ➔ Engr. Shahid Hussain Mallah

C - Umang Library: A Beacon of Knowledge at Panaroma Center, Karachi

The establishment of the Umang Library in Panaroma Center, Karachi, houses a collection of over four thousand books. This library aims to benefit doctors, engineers, and others seeking to enhance their knowledge.

D - Career Counseling Initiatives by MEGWAS

We have established two WhatsApp groups to facilitate career counseling and guidance for doctors, engineers, and individuals from Sindh. These groups are:

1. MEGWAS Jobs, Scholarships, Admissions, and Immigration - Around the Globe
2. Indus Global - Jobs

Through these platforms, we provide valuable information and resources to support career development and opportunities.

E - Free Training Camps

We have arranged in the past free training camps for graduate doctors and engineers.

F - Free Workshop

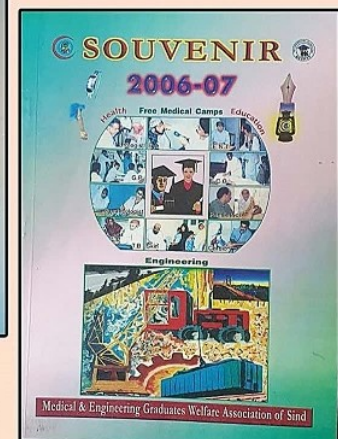

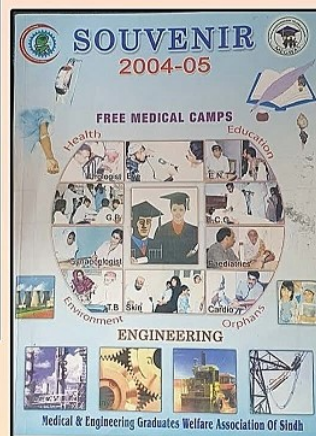

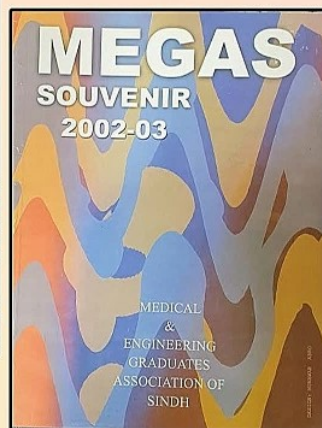

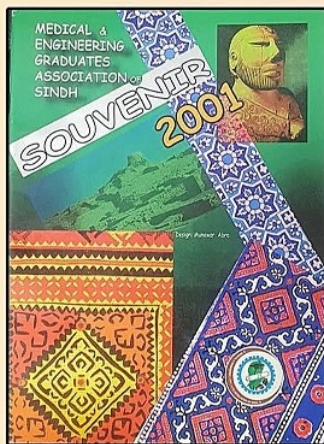

We have arranged in the past free workshop for computer trainings

G - Blood Donation

We have arranged in the past the blood donation to poor patients in the various hospitals in Sindh.

H - Research Findings and Publications

We have conducted research and activities while highlighting the achievements of the association's members. The findings are detailed in souvenirs published between 2000 and 2007, and copies of these souvenirs are available for those interested.

I - State-of-the-Art Computer Lab Donated to QUEST University, Nawabshah

Engr. Prof. Dr. Saleem Raza Samo, Vice Chancellor of Quaid-e-Awam University of Engineering, Science & Technology (QUEST), Nawabshah, formally inaugurated a newly established state-of-the-art computer lab at the university on April 5, 2023. The lab, generously contributed by Engr. Abdul Jabbar Solangi, Chairman of MEGWAS, and his fellow classmates from the 1990 batch, exemplifies their commitment to fostering a culture of innovation and academic excellence at QUEST. This initiative highlights the donors' dedication to empowering students and enhancing the university's technological infrastructure.

List of Donners of 90's batch are as under:

- | | |
|-------------------------------|-------------------------------|
| 1. Engr. Ameer-un-Nissa | 8. Engr. Abdul Jabbar Solangi |
| 2. Engr. Munawar Abro | 9. Engr. M. Hanif Channa |
| 3. Engr. Raja Rabeel Memon | 10. Engr. Ghulam Abid Shah |
| 4. Engr. Baqar Irfan Memon | 11. Engr. Azhar Khalique Shar |
| 5. Engr. Ahmed Nawaz Soomro | 12. Engr. Makhno Khan Mahar |
| 6. Engr. Faisal Rauf Memon | 13. Engr. Hamood Rahman Qazi |
| 7. Engr. Akhtar Hussain Mangi | 14. Engr. Farooque Azam Memon |

NEAR FUTURE PROGRAMS

In order to bring perceived change the MEGWAS has prepared following programmes:

- I.** To establish health clubs for the member of the organization.
- II.** To provide economic relief to deserving students and those families of Sindh who do not have their source of earning.
- III.** To manage ambulance service for the member of the organization and poor patients.
- IV.** To arrange scholarships for deserving students, fresh graduate Doctors and Engineers locally and internationally.
- V.** To organize and conduct seminars, lectures, technical workshops, short courses of 01 Day, 07 Days, 15 Days, & 30 Days to final year medical and engineering students, fresh graduates which can give boost to their CVs for job search as, such NEBOSH, AutoCAD, HSE, Mat Lab, Solid Works, Software, ISO Quality Management etc.
- VI.** To publish e-papers or newspapers for the organization, covering activities and highlighting the achievements of the association's members.

FUTURE PROGRAMS AT PLANNING LEVEL

In addition to above the MEGWAS also plans to undertake following programs on large scale

- I.** To establish co-operative housing society for members of the organization.
- II.** Supporting local economic development efforts in Sindh Province.
- III.** Ensuring the natural resources management and utilizing them for benefit of local communities
- IV.** By way of social mobilization involve local communities to ensure poverty alleviation.
- V.** Focus on intermediate skills required for medical and engineering works and prepare teams and Cadres for this purpose.
- VI.** Liaise between different medical and engineering organizations for adjustment of lower-level technical cadre and support them in this regard.
- VII. Skill development and vocation training:** Establish vocational training centers, empowering people to secure employment and improve their livelihoods. Starting livelihood enhancement programs launching the projects focused on agricultural development, micro enterprise support or providing small loans to encourage entrepreneurship and sustainable income generation among disadvantaged communities.
- VIII. Community infrastructure development:** Collaborate with local authorities to construct or renovate community facilities such as schools, health clinics, or community centers to enhance access to essential services.
- IX. Technology and digital inclusion:** Launching of projects to bridge the digital divide by providing access to the technology, internet connectivity and digital literacy training, especially in rural and less developed areas.
- X. Advocacy and Policy development:** Engage in advocacy efforts to influence policy making and implementation process related to social welfares and poverty alleviation at the provincial, district levels and town levels.

MEGWAS Provincial Executive Committee Meeting held on 25 February, 2024 at Institution of Engineers Pakistan (IEP) Karachi

MEGWAS Team had lunch with Dr. Sarosh Hashmat Lodi, Vice Chancellor, NED University of Engineering & Technology, Karachi, and Senior Vice Chairman, Pakistan Engineering Council on 6th September 2024 at Guest House, NED University, Karachi

Dr. Shafquat Hussain Abbasi
Patron in Chief (Medical)

Engr. Abdul Jabbar Solangi
Founder President

Engr. Sayed Momin Ali Shah
Patron in Chief (Engineering)

Message

Dear Doctors and Engineers,

The professional doctors and engineers of Pakistan play crucial roles in various aspects of life, their contributions towards research and development In significant projects are widely acknowledged.

However, Pakistan's progress and advancement depend on regulated and contented doctors and engineers who serve the nation effectively. Thus, there is a pressing need for practical efforts in this regard to improve the living standards of both doctors and engineers in our country.

This support can only commence when a dedicated organization and the practical efforts are in place and also of conscientious doctors and engineers, akin to the Pakistan Medical & Dental Council and Pakistan Engineering Council, come forward and sincerely fresh graduate doctors and engineers often face unemployment, leaving their aspirations and dreams unfulfilled which to hopelessness and for averting this we need the organization to unite all medical and engineering professionals on a single platform advocating for the rights of doctors and engineers both at domestic and abroad levels while upholding the honor of all doctors and engineers under one umbrella.

Taking into consideration the welfare and challenges faced by unemployed fresh graduate doctors and engineers, MEDICAL & ENGINEERING GRADUATES WELFARE ASSOCIATION OF SINDH (MEGWAS) ORGANIZATION " has been established with sincere faith and devotion. We hope that the organization garners support from all doctors and engineers in this noble endeavor. Dear fellow doctors and engineers, stand up for your rights, step out of the hollow consolations and deceptions, and embrace truth and consciousness. Together, we can strive for a genuine transformation in place of this flawed system. Let us sever the sinister hands that deny your rights and kindle an enduring flame for fresh graduate doctors and engineers.

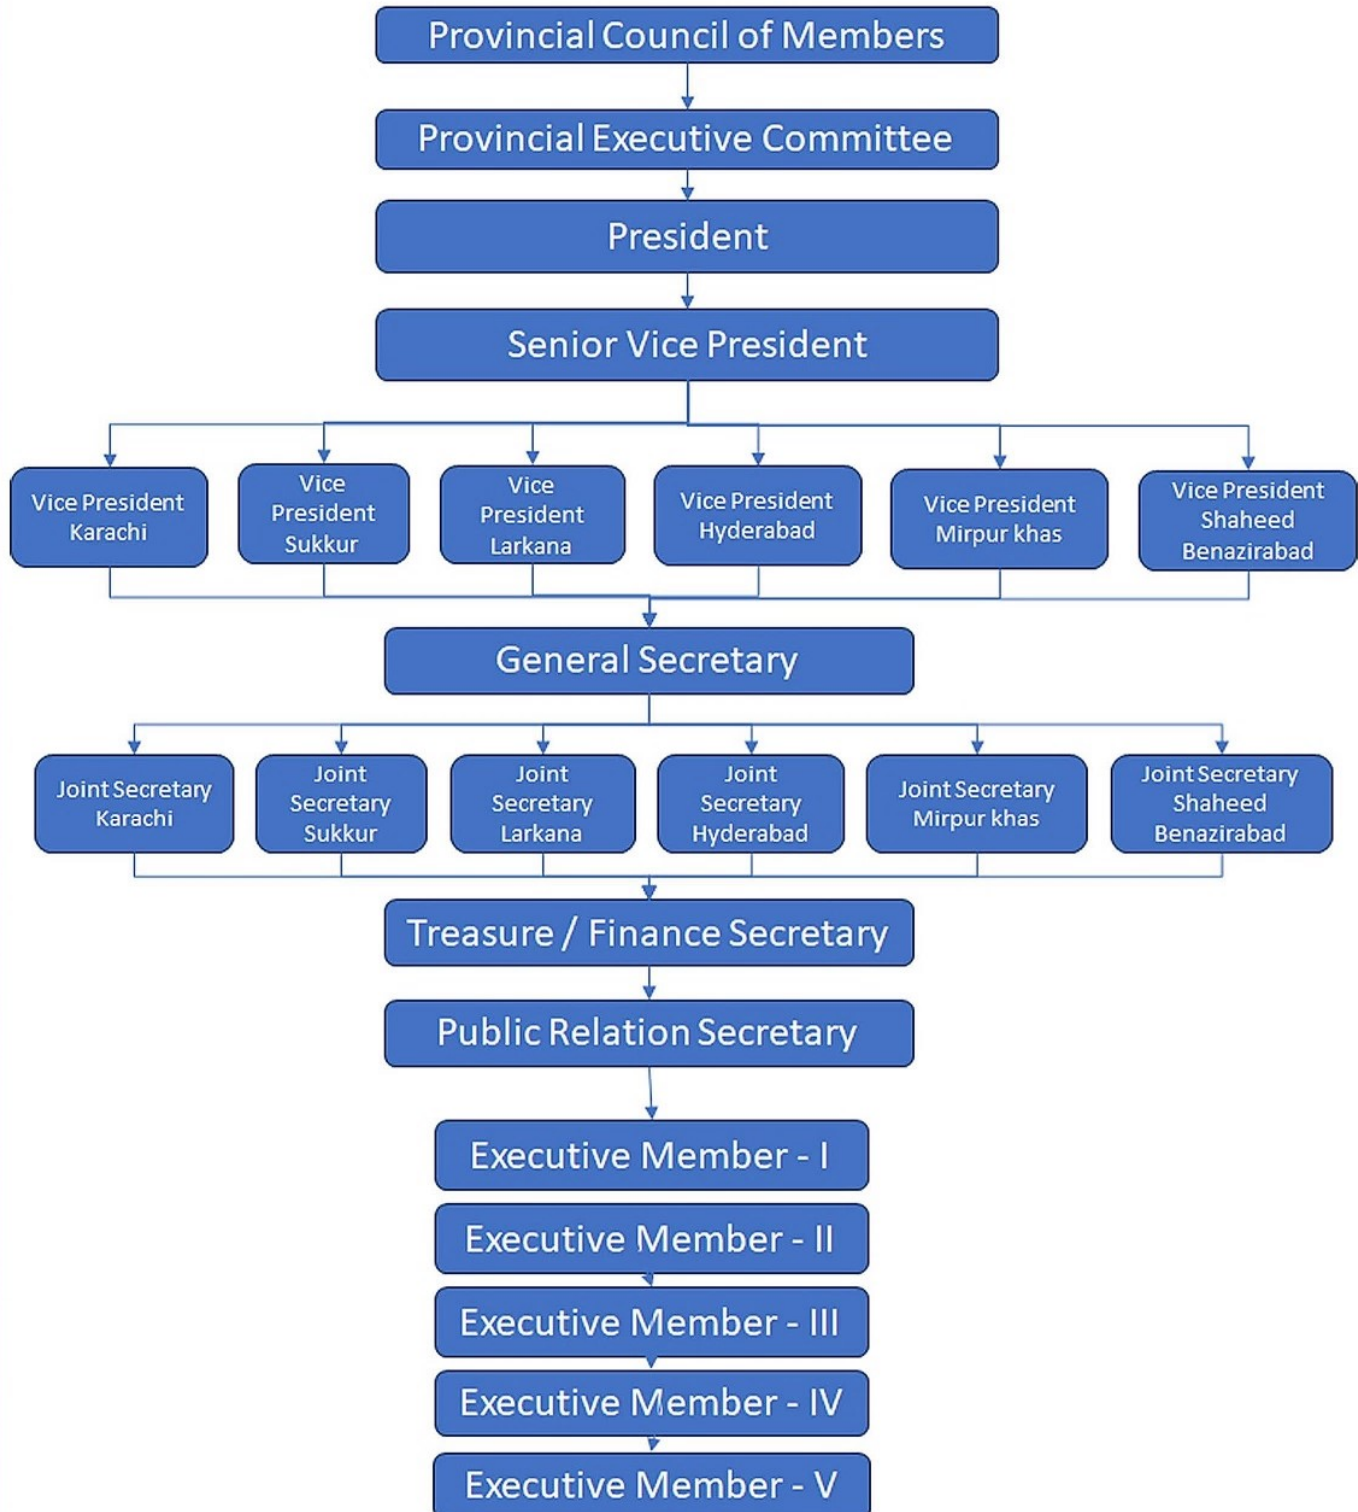

Then, let us progress in a real struggle by uniting and organizing to alleviate the concerns of fresh, unemployed doctors and engineers. In order to attain this grand objective, the scope of our aspirations must be as unified as the rays of hope that emanate from them, guiding us in the right direction.

Now, we anticipate our fresh graduate doctors and engineers to exhibit moral courage, acknowledging their limitations and working towards a brighter future.

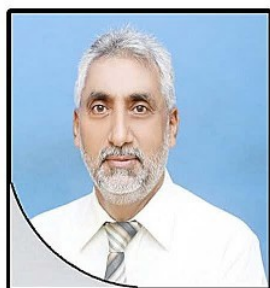

Let us collaborate for the prosperity of fresh graduate doctors and engineers, from the platform of MEDICAL & ENGINEERING GRADUATES WELFARE ASSOCIATION OF SINDH (MEGWAS) ORGANIZATION" turning these dreams into reality. Finally, through the MEGWAS platform, we invite all doctors and engineers of Sindh to fortify this foundation, enabling us to realize our aspirations and play a pivotal role in finding solutions for the improvement.

We hope the fresh doctors and engineers will respond positively.
