

**“Bayou County was a new show for us in 2023 and wow did they blow us away! Their spot-on recreation of the music of Creedence Clearwater Revival had both myself and a completely sold out audience in awe! It was the fastest I have ever rebooked a show for the following season! Patrons could not tell me enough about how much they enjoyed the show! 10/10 in my books!”**

**"Bayou County captures the essence of the music of John Fogerty and CCR like no other Tribute Band out there.**

**We sell out the house each year they return to the Riviera Theatre!"**

**“We have had the pleasure to work with Bayou County on a few different occasions. A very professional top-shelf show and the crowds love them. Looking forward to working with them again. Every Show has SOLD-OUT”**
