

“Bayou County was a new show for us in 2023 and wow did they blow us away! Their spot-on recreation of the music of Creedence Clearwater Revival had both myself and a completely sold out audience in awe! It was the fastest I have ever rebooked a show for the following season! Patrons could not tell me enough about how much they enjoyed the show! 10/10 in my books!”

"Bayou County captures the essence of the music of John Fogerty and CCR like no other Tribute Band out there.

We sell out the house each year they return to the Riviera Theatre!"

“We have had the pleasure to work with Bayou County on a few different occasions. A very professional top-shelf show and the crowds love them. Looking forward to working with them again. Every Show has SOLD-OUT”

To: Bayou County

I want to take this opportunity to thank you for coming to Cumberland Maryland. What an amazing night! Bayou County was a new venture for us at Tri-State Community Concert Association and you knocked it out of the park! It's been over 8 weeks, and our crowd is still talking about your showmanship!

CCR is an amazing band and you have done it proud. I have worked with many bands and you, Dave, Jim and Jim were excellent professionally and personally. Our organization staff all agree ... wonderful to work with and you will be returning, I am sure.

Thank you again for coming to our small venue. Bayou County is phenomenal. You rocked the house, that night ending with a standing ovation. I expect you will do so again. I hope other venues take notice You deserve a full schedule!
