ewmbuilding.com

Dynamic. Efficient. Resourceful.

We are a one-source solution for the procurement and logistics of wholesale construction materials, specializing in precast concrete building products.

Working in tandem with project managers & buying directly from manufacturers, we coordinate material deliveries direct-to-site, minimizing lead times and reducing supply chain costs.

Core Competencies

Engineered Building Systems

Precast concrete trash enclosures, precast concrete pump houses, precast concrete storage & maintenance sheds, and modular office systems

Engineered Foundation System

Our precast residential foundation system can be set in a day, saving weeks in production time and reduces interest carry on a project

Parking Lot & Streetscape Amenities

Parking blocks, splash blocks, bollards, sign bases, light pole bases, retaining walls, security blocks, benches, trashcans, and customs amenities upon request

Wholesale Construction Materials

Structural framing members, roof assembly systems, insulation, acoustic ceiling tiles, flooring, sheetrock/durock, tile, dorm furniture and more

Logistics

We coordinate deliveries with your production team being mindful of schedules and lay-down yard restrictions. For projects abroad, we are a one source solution for shipping containers, certification, and transloading services

Key Differentiators

- Female owned & operated
- Over 30 years of unparalleled construction experience
- SWaM, WOSB, DBE, & VDOT
(certifications pending)
- Collaboration with estimators and production teams
