Vigil Antislip Safety Products

The highest quality, most effective and longest lasting antislip worldwide. Used extensively throughout the mining industry by most majors on all plant and equipment to ensure workforce safety. Vigil Antislip will guard you and your personnel against the multiple dangers of polished, worn or cracked steps in all conditions by eliminating slip hazards, while highlighting and re-profiling leading edges. Polished and worn ladder rungs and ramps/walkways are also simply retro-fitted to create long term underfoot safety. The Class One range is guaranteed to protect your personnel for a minimum of 10 years.

Ladder Rung Covers
Tubular, Square
and Chevron

Tiger Stripe
Bull Nosing
