

Lancaster Hop Hog IPA

You're in for a hard charging, yet remarkably drinkable brew in our Hop Hog IPA! Delivering layered hop flavors and a solid malt profile, we doubled down on the dry hopping for even more fresh hop character and refreshing bitterness.

Hop Hog IPA is dry-hopped and unfiltered for maximum flavor, which can result in some settling in the can. This harmless combination of hop tannins, yeast and malt occurs naturally, and adds to the character of the beer. For a clear pour, simply decant the contents of your can into a glass as you would a Belgian or Trappist Ale.

Food pairings: Indian or Mexican cuisine, fried food, grilled meats

ALCOHOL BY VOL.: 7%

OG: 16
