

# 10 Barrel Cucumber Sour Crush

Cucumber Crush might sound like a strange flavor for a beer...But trust us, it is the most refreshing and crushable sour you could ask for. It is a specifically formulated kettle sour that compliments the easy drinking qualities of Cucumber.

Still don't believe us? Well as it happens Cucumber Crush is by far our most award winning beer! No big deal, but this one has taken home multiple medals from GABF, including a gold in 2014.
