SPECIALIZING IN STRUCTURAL STEEL

SKYLINE CONSTRUCTION

Specializing in Structural Steel

Structural Steel, Miscellaneous Steel
Fabrication & Erection Company since 1990

About Us

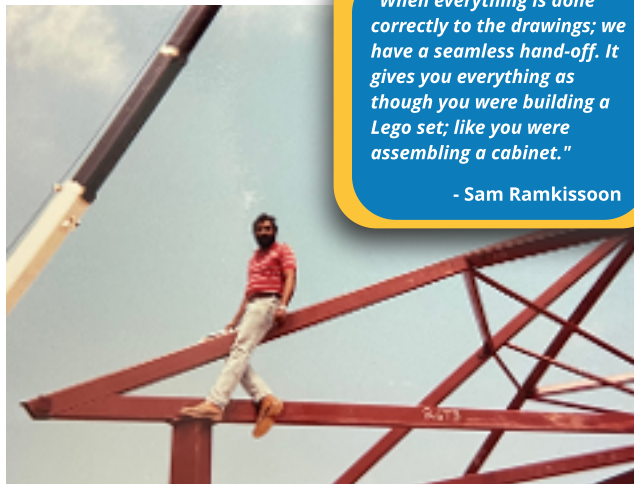

Skyline Construction is a structural steel and miscellaneous steel fabrication and erection company. For 30 years and counting, we have provided structural steel to places all around Jacksonville. We pride ourselves on quality customer service and construction. We will fabricate and ship to anywhere within the continental United States.

The Owner

Skyline Construction is a certified minority-owned company run by Sam Ramkissoon. Hailing from the Caribbean, Sam has always had a keen eye for construction. He knows the ins and outs of his customers' blueprints. Along with his team, who can transform the 2-D image and incorporate it into the 3-D model.

"When everything is done correctly to the drawings; we have a seamless hand-off. It gives you everything as though you were building a Lego set; like you were assembling a cabinet."

- Sam Ramkissoon

What We Do

Skyline Construction has specialized in new construction and renovation for commercial, educational, municipal, industrial, religious, and heavy civil structures. We offer fabrication and/or erection for the following:

- Beams, Columns
- Channels, Tube Steel
- Pipes, Stairs, Catwalks
- Platforms, Grating
- Guardrails, Handrails
- Picket Rails, Ladders
- Bollards, Embeds
- Joist, Deck, Bridge Erection
- Rehab
- And More!
