SECURITY

There will be security but leave items at your own discretion.

MEASURING

***This is a new UKI Requirement. ***

A 1st measurement must be obtained and sent to the UKI office by the dog's 3rd trial. A measurement from another organization may be used for this first measure if it is an actual measurement and is not within .25" (6mm) of a jump height cut off.

A 2nd measure must be obtained between 12 months and by a maximum of 18 months after the dog's first recorded measurement. If this timeframe is not met, the dog is unable to compete at any UKI event until this is done.

If a newly registered dog is aged three years and older, the dog will only need one measurement, and this must be by a UKI measurer. No other organization's measure may be used for this. If a dog is found to have achieved results when it has not complied with the measurement rules, all results that have been gained while breaking these rules will be void and any progression will be rescinded.

WORKERS!

Our trials would not be successful without our volunteers. Please contact Holly Sjorgen at playk9@earthlink.net if you are interested in working.

All DASH members must work 2 classes per trial day.
