The Treasury

SOMETHING WORTH TREASURING.

Traditionally, a treasury was a place where things of value were kept.

The Treasury takes its name from what we value today, time, independence and a space to call our own.

A characterful studio apartment, soaring ceilings and one of the largest windows in Bank House create a wonderful sense of height and natural light.

The apartment includes an integrated kitchen, private washing machine, considered storage and contemporary bathroom.

With excellent transport links and the amenities of Pontefract town centre moments away, it offers easy living with a little extra character.
