Liza Sanchez is a fantastic editor. She works in a timely manner and keeps her client constantly updated on her progress or if there is a delay. If I had a question, it was answered within a day. She's patient and will go through reasons why she makes the edits she suggests. She helped beat the flaws out of my manuscript and forge it into a fully formed story without me losing my own writing style or authorial voice.

Most of all, she is extremely accommodating to the needs of the author. When it comes to time-zones, chat programs, or methods of communication, Liza adapts to the schedule and comfort of her client. She's open-minded, passionate and enthusiastic about storytelling.
