

Greetings (Name) (if at all possible, have the decision makers name here)

I would like to take this opportunity to introduce myself and the organization with which I serve.

My name is (Volunteer's Full Name) and I am a (Volunteer / Chaplain) with a Therapy Dog Organization called Canines for Christ.

Canines for Christ volunteers, assisted by our furry canine friends, have been providing a ministry of presence to people since its beginning in 2007. We bring the unconditional love of Christ to people in their everyday settings.

In addition to simple compassionate visits, science has proven that the mere stroking and interacting with dogs brings joy and peace to people, along with some physical benefits such as lowering blood pressure!

There is just something about the unconditional love of a dog that makes people feel special and loved.

We would love to share this service with your (Organization/Facilities Name). We (my dog and I) would be happy to meet with you to discuss a time and frequency that would work best for everyone.

If love, joy and peace sounds like something your (Organization/Facilities Name) could use, then please contact me to set up an in person meeting to discuss how best to deliver these services to you.

Thank you for your time, and I hope to hear from you in the near future. We are here to serve!

Peace and Joy,

Signature

Volunteers Name along with Dog Name
