## **Mission Statement**

Our mission is letting Christ's love shine through us and our canines as His disciples when we visit people who need love, hope, and compassion that only God's message can provide. We want them to know that God loves them. Millions of people have been touched by this saving message as we bring God's light of love into the darkness.

## **Ministry Description**

Our ministry is about "building caring relationships with the hope of gaining permission to share the life changing good news of Jesus Christ". Consequently, we are a Ministry of Presence first and therapy dogs second. The dogs do reflect the unconditional love of Christ, and they also break barriers which, otherwise, might prevent us from sharing the message of Christ to those we visit. Most existing volunteers already feel that it is an easy transition to sharing the love and compassion of Christ while the dog shares their love.

This is a very easy ministry to serve within because our members control their visit schedules, and our visit guidelines are easy to follow. Our volunteers make literally millions of direct contacts for Jesus every year, handing out crosses and books in the process. One of our hallmarks is to encourage, support and help direct efforts of our volunteers to educate and improve themselves in ways which make them more effective as Ambassadors of Christ.

For those interested, we also offer a program to become a Chaplain which offers increased access for visitation and skill development.
