
As a writer I try to stay focused on the tempo.

I went for that only on this track.

Track produced by Ric and Thadeus Music LLC.

I enjoy the track a lot.

I enjoy the key tempo on the keyboard in the background.

I began rhyming around it.

Engineer :Cliff G he records most of my work.

I like to deliver my material giving the artist an idea of what could be .

Maybe it would've been.

Sexy...derogatory...sex.....

Giving respect to real fellas.
