Chris did an excellent job. He was available 99.9% of the time and moved things around to make the time. He was a great listener when I needed to vent about the other playmakers in the process. Always professional. Thank you!

Smoot--Glen Burnie 10-2016

Experience was great, very good with everything, made everything so easy with finding contractors, different options on houses and I loved the fact that if I wanted to see a house, it was done asap, either that day or the next making it the top of their list. Made us feel important, not just another buyer.

S. Gublin October 2015

"Vince made the selling of me and my husband's home a smooth and quick process. He was very responsive in his communication with us and always looked out to ensure we were getting the most value out of our home. Vince and his team helped us sell our home in less than two weeks. Also, his preapproved contractors helped us make repairs on our home to prepare the house for showings as well as repairs requested by the buyer with minimal stress and cost. I highly recommend Vince if you are looking to buy or sell your home!"

Because of his experience and knowledge of the real estate market, I feel that all nine purchases were good values and all transactions went smoothly. I will be going to Vince soon, as I am almost ready for house #12. See you soon Vince!"

She started off showing us every property in the area that fit our description, and found us a great deal on an awesome property after my wife and I spent a very long time looking for 'just the right price'. If they could find one for us, they could easily do the same for you."

They were accommodating to our schedule, and were always honest with us. We are truly grateful for the guidance and support that

we always had in this team. You guys are the best. When people ask us about our home buying experience, I always start off with, 'My realtor was so awesome!'"

"I found Vince and three other realtors on a website. I called and set up appointments with all of them. Vince was the first to respond and my first interview. He brought all comparable to my property, and answered all my questions. He didn't tell me what I wanted to hear, but he told me what I needed to hear. The day of the interview I told him that I would be in touch and that I had two other realtors to meet with. I never felt pressured to sign with him. The next day I cancelled my other appointments. I know a good thing when I see it and I wasn't disappointed. I was given plenty of notice when my house had a showing. The operators were always very polite and friendly. "I had my home on the market looking for a renter for about a year with another Realtor from Long & Foster and he did nothing to promote and

market my condo. Not one person was interested. I signed up to locate a Realtor on a website because I was so discourage that I was just ready to sell it. Then Vince contacted me the same day and convinced me not to sell because I would not even get what I paid for it and that he could get me a renter. Within a few months I had a tenant and he is working out great. Thank you so much Vince for everything!!!! You are AWESOME!!!!"
