**Tuesday, October 26<sup>th</sup> — Club Meeting at 7pm** at the **Other Place III** — dinner at 6pm

## BLACK HAWK R/C PILOTS – AUGUST 2021

**From the President** — The next club meeting will be at 7PM on Tuesday, August 24<sup>th</sup> at the club flying field in New Hartford.

**National Model Aviation Day** is this Saturday, August 21<sup>st</sup>. This is a day to come out to the field, relax and fly whatever you've got! If you have a trainer, bring it out! If you have a gas, glow, electric, giant scale, jet, micro-plane or anything in-between, bring it out and fly.

The **Warbirds & Classics Fly-In** is the next day, Sunday, August 22<sup>nd</sup>. This day is dedicated to aircraft that flew in a warzone or vintage era aircraft built before 1955.

**When are you flying?** When are you going to the flying field? It would be nice to know when guys are flying so others might come out and join you. R/C flying is more fun when several pilots are at the flying field instead of just one.

You can go to the club webpage and look for the "BLOG" tab. Leave a comment on the blog page that says when you will be at the club flying field. Other club members will be able to read your message and join you at the field. If you sign up to "Follow" the

discussion, you will get an email whenever someone posts a comment on the blog.

**Mike Gretz Memorial R/C Fly-In** — SIG's annual fly-in is scheduled for September 17<sup>th</sup> to 19<sup>th</sup> in Montezuma.

If you haven't taken the **FAA UAS Safety Test**, now is the time to do it. There's no charge for the test and you cannot fail. The Test is administered by several organizations including the Academy of Model Aeronautics (AMA). Click on this link to learn more and start the test.

<https://trust.modelaircraft.org/>

Be sure to print your certificate when finishing the test. Neither the FAA or AMA keep records on who took the test.

**Fall Club Meetings** — Starting in October, the indoor club meetings will be in the private dining room at the **Other Place III** in Evansdale. Watch for more info in the October Newsletter.

That's it for this month. Stay safe and I'll see you at the flying field.

*Neal Leeper*

President, Black Hawk R/C Pilots

### Club Meeting

The summer club meetings are at 7PM at the club flying field with a cookout at 6PM.
