BLACK HAWK R/C PILOTS – JULY 2026

From the President — The next club meeting is on Tuesday, July 28th at 7PM at **The Club Flying Field** in New Hartford.

The **Bob Nelson Fly-In** was held on July 18th. There was a modest turnout with 9 registered pilots and a few guests. It was the first official opportunity to fly off of the “almost completed” Petromat runway.

The annual **Warbird Fly-In** is scheduled for Sunday, August 16th from 10AM until 4PM at the club flying field. Lunch will be available to purchase. You can fly any size warbird or classic era aircraft. (“Classic Era Aircraft” are any

airplanes built before 1956, or the beginning of the “Jet Age”. Classic era aircraft include the Piper Cub, Cessna 170, Beechcraft Bonanza, Douglas DC-3, Ford Tri-Motor, Gee Bees, Stinson, Taylorcraft, Aer-onca Champ and many others.)

A **Petromat Work Evening** is scheduled for Thursday, July 23rd. We’ll start at 6PM when the temperature is cooler and the winds lighter. The weather should actually be very pleasant as opposed to the oppressive heat we’ve had for the previous work sessions. We have three more 100’ strips of Petromat to put down on the North end of the runway. We’ll also be sealing down the edges of the previously laid Petromat with a spray adhesive.

A lot of work has been done so far and we are very close to finishing up this project.

Nearby Model Aviation Events—It good to visit other clubs and meet other flyers. Several events are planned for
