## ARTISANAL DINING CONCEPTS

The resort has 3 restaurants and 2 bars to choose from for a memorable gastronomical journey. This includes an all-day diner, specialty restaurant, poolside bar and an evening cocktail bar.

The image shows the interior of a restaurant named Spice Studio. The scene is captured from a low angle, looking down a long, narrow dining area. In the foreground, a wooden table is set with a white napkin, a glass of water, a wine glass, and a small plate. A wooden chair with a curved back and a patterned cushion is positioned in front of the table. To the left, a brass lamp with a white shade is mounted on a wall. The floor is made of dark, polished stone tiles. In the background, more tables and chairs are visible, along with a large arched window or doorway. The lighting is warm and ambient, creating a cozy atmosphere. A white text box with a dark border is overlaid on the right side of the image, containing the restaurant's name and description.
