IHCL SELECTIONS

A CLASSIC. RETOLD

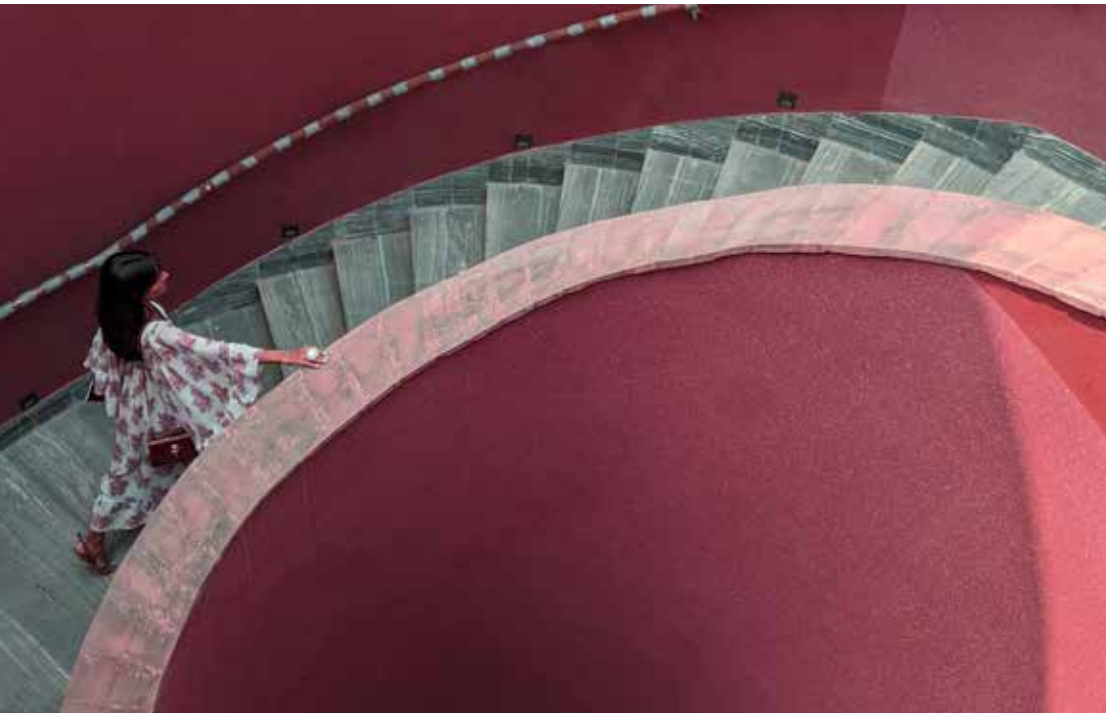

Stretched 20 acres across the foot of the Aravalli mountains and surrounded by the forest on three sides, Devi Ratn is a kaleidoscopic rendition of everything Jaipur stands for with its bold, surreal and intricate design. A 45 minute ride from the airport, these premises are a vivid reimagination of the Pink City.

INTRODUCING DEVI RATN, AN IHCL SELEQTIONS

Devi Ratn lives the story of a dramatic Jaipur, blending heritage with a design vision of the future. The architecture is inspired by the legendary 18th century Jantar Mantar (astronomical observatory).

With design and geometry, Devi Ratn narrates an astronomical story. Coral pink walls, domed ceilings, latticework, red-stone art, thekri, blue pottery, leheriya inspired Terrazzo floors - the local is reinvented dramatically across spaces.

ALWAYS A ROOM WITH A VIEW

Rooms and suites have paisley walls, terrazzo floors, day-beds by the side of the Jharokas. These chambers at varying heights, ensure a spectacular view of the Aravallis from every room.

DINING THAT'S ASTRAL

Dine with a view of the Aravallis, both indoors and alfresco at Vyom the pillared all day dining venue. Get entranced by a heady mix of lights, open sky and cocktails at the Mandala bar. Or go breezy with the pool-side deck Jal. But the most flamboyant choice would be reserved for one of the two unique dining venues - the Machan and the Vyom terrace.
