ABOUT CP DIGITAL

Developed to assist in providing **visibility** and **detailed reporting** across all types of properties.

Ensures landlords and property managers are able to **manage their EPC risk and MEES efficiently** removing the need for constant spreadsheets and being able to plan more effectively.

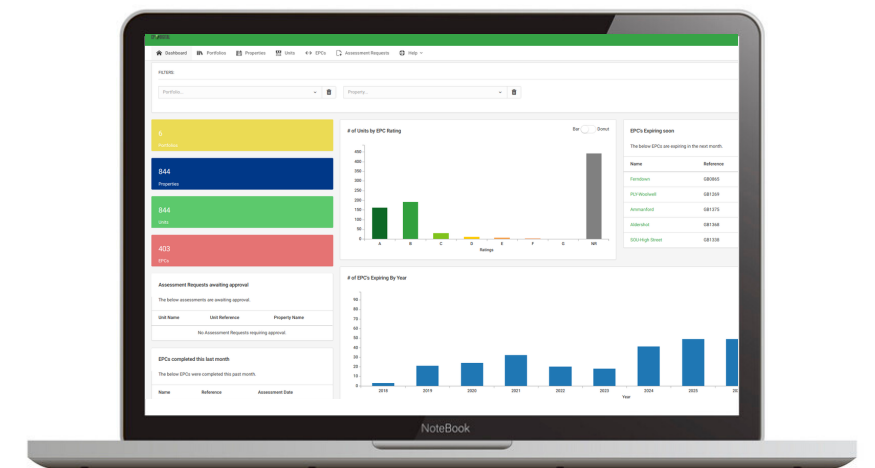

COMING CHANGES

April 2023 will see existing regulations extended to all non domestic tenancies.

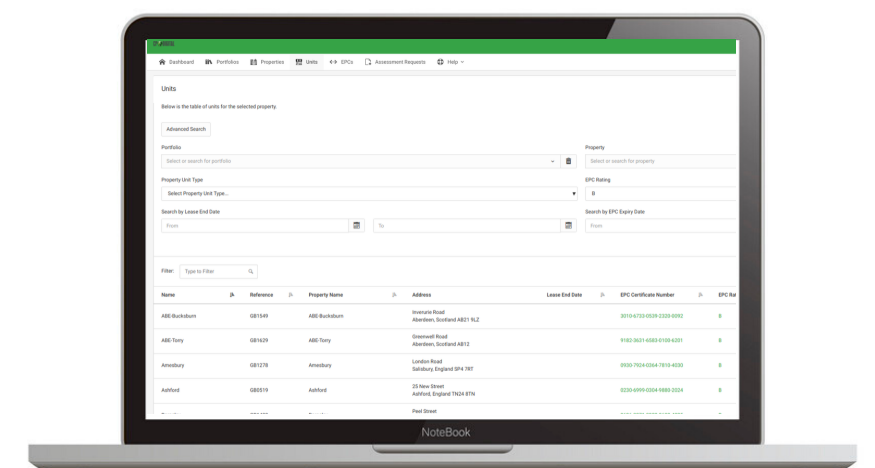

MEES regulations will make it unlawful to agree a new lease on a property with an **EPC below E** unless an exemption has been put in place on the PRS register.

In line with the **UK Gov.'s Net Zero by 2050** aims, During **construction** of an asset, **and its use**, the carbon **emissions should be 0**, or offset through utilising renewable energy.
