

Classes

Current Classes for 2025-2026:

- **Scouts** - K-1st (4-6 year olds)
- **Rangers** - 2nd-3rd (4 – 8 year olds)
This age group will focus on memorizing facts (history, science, math, foreign language, english grammar, and geography) from a certain time period. They will increase their knowledge in math, spelling/phonics/cursive' scientific method, and art. They will have an opportunity to refine their presentation skills each week. Children will have playtime built in throughout the day, and will have a combined lunch with the whole community.
- **Pathfinders** - 4th-5th (8 – 11 year olds)
This age group will cover the above material, with the addition of more advanced english grammar and a writing program. There will be a major history/writing project at the end of the year.
- **Trailblazers** - 6th-7th (11 – 13 year olds)
This age group will focus on dividing their time into several subjects, in preparation for using the “Climb” material next year. They will delve into math, literature, history/geography, spelling, science, foreign language, and the same writing and grammar programs that the “Middles” are doing.
- **Mountaineers**- 8th (13 – 14 year olds)
This group will cover materials like math, literature, philosophy, science, etc with a conversational approach. Students will be required to come to class with the material finished and prepared to discuss ideas, revelations or ask questions of the instructor and other students.

Grades

3030 Homeschool Community is a parent-led, not teacher-led, community. The teacher will provide the structure, and parents will provide the grading and accountability. Parents have the freedom to refine the assignments as needed.

Curriculum

The curriculum teachers choose must be approved by the 3030 board. Science classes are taught from a young-earth perspective. Curriculum with a Biblical worldview is preferred.
